# BOEUN NARONG

## SOFTWARE DEVELOPER

## ABOUT ME

I am a Year 2 Software Development student at Norton University, Cambodia, with a strong passion for programming, problem-solving, and modern technologies. I enjoy learning new frameworks and building practical projects in both frontend and backend development. Highly motivated, adaptable, and eager to gain real-world experience, I am looking for opportunities to apply my skills, grow professionally, and contribute to innovative projects.

## EXPERIENCE

### ◆ Academic Projects

Student Management System (C# & MySQL) – Built a console-based system to manage students and courses using Entity Framework Core.

### ◆ Personal Projects

E-commerce Website (React & Laravel) – Developed a full-stack online shop with product management, checkout, and order history.

### ◆ Relevant Coursework

- Object-Oriented Programming
- Database Management Systems
- Web Development (HTML, CSS, JavaScript, React)
- Software Engineering Principles

### ◆ Skills Section

Languages: C#, JavaScript, PHP, Python, Java

Frameworks: React, Laravel, Bootstrap, jQuery, TailwindCss, .NET Core

Databases: MySQL, XAMPP, MS Access

Tools: Github, VS Code, Postman
